Project Name	NEWS TRACKER APPLICATION
Maximum Marks	2 Marks

Problem Statement:

As our lives are very busy these days, we often feel we need more than 24 hrs. a day to cope up with everything we have in our schedule. Well, that's not possible but reducing the time by changing the conventional method of reading news can help. Just tell us what market news you're interested in and get a quick peek for the day. Only read what you feel is relevant and save your time. This app helps you to query for all information about Indices, Commodities, Currencies, Future Rates, Bonds, etc.… as on official websites

Problem Statement Template:
I am	Customers such as Gokul.
I'm trying to	Do geography in a workflow in daily life.
But	The issue occurs when the customer wants to read the news.
Because	The issue occurs when people try to access information during the usage.
Which makes me feel	Accessing information is flawed through usage of newspapers in the digital era.
